

UNITED WAY

advances the common good

For 50 years, United Way of Warren County has lived up to its reputation as our community's fundraiser. Today's United Way does much more than raise money; United Way is a focused, results-driven organization that works year-round to unite our community to improve conditions and create lasting solutions to our greatest needs.

Working together with local partners, we are effectively building a strong foundation for our future health and wellbeing.

United Way brings together people with the PASSION, EXPERTISE, AND RESOURCES needed to get things done. We invite you to be a part of the change.

GIVE. ADVOCATE. VOLUNTEER.

FOCUSED ON OUR COMMUNITY

United Way of Warren County is a local organization, governed by volunteers who live and work in our community. When you partner with United Way, you're supporting local efforts which strengthen our community and create opportunity for every person to succeed in school and in life.

LOCAL SOLUTIONS TO LOCAL PROBLEMS

United Way understands the needs in every community are different. This is why United Way's approach begins with bringing together people from across our community to identify and prioritize our greatest needs, and develop strategies to change community conditions.

RESULTS DRIVEN

When partners, donors, or volunteers give to United Way, they are making an investment that benefits the entire community, not just one program, issue, or population. United Way strategically invests in results-driven programs and initiatives to maximize the impact we have in the community.

GIVE. ADVOCATE. VOLUNTEER.

It takes everyone in the community working together. Whether you're giving a monetary donation, advocating on behalf of local issues, or volunteering your time, you're joining the movement for a brighter future.

SUPPORTING A SAFETY NET OF FOOD AND SHELTER

BASIC NEEDS

United Way supports emergency services vital to the basic needs (food and shelter) of the most vulnerable members of our community. These services, which include services for victims of violence and disaster, stabilize families so that they may begin building a good quality of life.

THE BUILDING BLOCKS FOR A GOOD QUALITY OF LIFE.

Education, financial stability, and health are the building blocks for a good life. Education is essential to getting and keeping a job with a livable wage and health benefits. An income adequate to pay for today's necessities and save for the future provides families some sense of financial stability. Access to quality health care keeps children on track in school and adults productive at work. Remove any one of these building blocks and the other two topple.

EDUCATION

Early literacy, mentoring and academic achievement from preschool through high school

Priorities

- Children enter Kindergarten prepared with the skills needed to succeed
- Children reach academic milestones on time and successfully transition to middle school
- Children transition to high school and develop the skills needed to graduate on time with a plan for success after high school

FINANCIAL STABILITY

Helping families/individuals with skills and training to meet the needs of Warren County businesses

Priorities

- Adults are equipped to support themselves and/or their families in a financially stable environment
- Seniors are supported to lead independent lives

HEALTH

Health and wellness promotion to improve health outcomes and build healthier families

Priorities

- Individuals are supported, connected, and engaged to lead healthy lives
- Individuals will have access to needed mental health services
